**The ISGF Arab Region Committees are re-examining alternative programs due to Covid-19.**

The Technical Committee of the ISGF Arab Region, representing The Programs and Activities Committee, the Community service and development committee and the media committee, held multiple meetings in June 2020 to re-examine its scheduled programs, the possibility of its procedures due to Covid-19, and finding alternatives for the upcoming three months (July, August and September). Several alternatives were suggested and will be executed in the coming months.
