Their request has been considered by the World Committee members according to the ISGF Constitution (Article 5, section 3) and on the basis of a comprehensive report underlining their affiliation, their activities and the compliance with their financial obligations to the International Scout and Guide Fellowship. The NSGF of Zambia has currently a 145 affiliated members spread all over the country.

This National Organisation is represented at the World Conference of Bali.

In light of these facts, the ISGF World Committee approves the request and hereby recommends to the World Conference the granting of ISGF Full Membership with the following resolution
