Newsletter

| Issue 2/ June 2020

These last couple of months haven't been easy to our world as we know it. The COVID-19 has changed a lot our perception of what we thought our lives should and had to be. Changes have happened and will continue until we have reached a "new" normality... but we are a positive organisation and we know that whatever will come we will face it and deal with it the best way we can, because we will "Be Prepared".

Please visit the website ISGF.ORG to see what our members are doing throughout the world.

Let's show the world our organisation, let's use our badge...and be proud of it
