ASSOCIATION-
HEADQUARTERS

1st SUB-
PROJECT:
ORPHANAGE
“Enfant Haitien
Mon Frère”

3rd SUB-PROJECT:
A SCHOOL
TO CHANGE
THE FUTURE

ISGF GLOBAL PROJECT

1st Sub- Project : **ORPHANAGE** “Enfant Haitien Mon Frère”

Building a fence on 1 acre land to protect the orchard.

- The orphanage, founded almost 50 years ago by the Guides Chaplain, Father Lespinasse - dead during the earthquake- receives 48 children, 24 boys and 22 girls, from one to sixteen years old. The two older ones, handicapped will stay for life in the orphanage.
- Two years ago the children were moved to new premises in the surroundings of Port au Prince, capital of Haiti, where they live in small houses built by a Dutch NGO.
- The other **piece of land has no fence and it's urgent** because a friend agronomist planted several fruit trees so the products could be consumed at the orphanage. Many more cultures could develop the orchard in that land and so give a better feeding to the children.
- **School material, Toys and Games are also needed....**
- As school is starting, pencils, rubbers, pens, exercise-books and school bags are needed as well as games and toys.

Project in partnership with
