TRIP**

A large black silhouette of a Scout in a traditional uniform, including a wide-brimmed hat and a sash, stands on a dark hill. The background is a stylized landscape with rolling hills in shades of red and orange, and several trees with autumn-colored foliage. The sky is a bright yellow, suggesting a sunrise or sunset.

EXCURSIONS INCLUDED IN THE CONFERENCE

Within the educational and social program proposed by the Host Committee for the 30th AISG ISGF World Conference, there are two types of cultural trips:

A) Excursions around the province, included in the Conference registration and scheduled for Friday, September 20.

1.- We have already informed you in detail about the excursions in the province in newsletter number 2.

As explained there, five full day excursions have been designed which are of great cultural and scenic interest and which promote the values of scouting and guiding: commitment to cultural, ethnographic and historical heritage, to agricultural and industrial tradition, and to nature and the environment.

There will be two excursions to know the Geopark of Granada (one to Guadix and another to Baza); two more to know the tropical coast (one to Motril and another to Almuñécar) and one more to discover the most picturesque villages of the Alpujarra of Granada (Lanjarón, Capileira, Pampaneira, etc.).

You can visit the Tourism website to enter our province and appreciate its wonders:

<https://www.turgranada.es/en/provincial-tourism-board-granada/>

2.- For those of you who have not yet registered, you will notice that the registration form asks you to list the five excursions according to your interest. In many of the registrations received so far, we have detected that the excursions have not been numbered. It is very important to pay attention to this detail. Therefore, we kindly ask those participants who did not number the excursions on the registration form to respond when requested by email so that we can assign you the one that best suits your preferences.

Since they will be made in groups of about 50 people, in addition to personal preferences, the order of arrival of the registrations will be another criterion for allocation. The excursions will be made by bus, from 9 am to mid-afternoon.

POST-CONFERENCIA TRIPS

B) Post-Conference Trips (optional), with separate registration, from September 22 to 25:

Once the Conference is over and after five days full of experiences of friendship and commitment, we invite you to continue a few more days in our country to discover the charms of our land: its landscapes, culture and gastronomy.

We have designed two exciting post-Conference trips, one through Andalusia and the other through the lands of Castile and Madrid.

The trips will be made by bus with approximately 50 seats, departing on Sunday, September 22nd around 9 am from the Abades Nevada Hotel in Granada.

At some points along the way you will meet scouts who will welcome you and show you their cities.

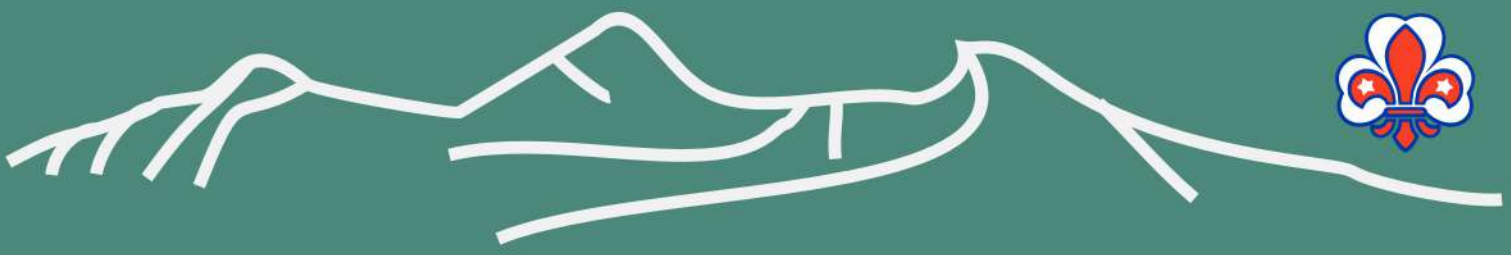

The trip through Andalusia will end in Malaga and Castilla in Madrid: two Spanish cities with airports with many international connections.

Please take this into account when purchasing your return flights. It will be our pleasure to have you join any of these experiences.

A minimum of 45 participants on each trip is required for the trips to take place.

FIRST POST-CONFERENCE TRIP THROUGH ANDALUSIA: BAEZA, ÚBEDA, CÓRDOBA, SEVILLE AND MALAGA

Andalusia, located in the south of the Peninsula, is the second largest region of Spain. And, as you will discover, it is also one of the most beautiful. Landscape, culture and gastronomy are ingredients that will make the itinerary an attractive experience that will surprise you. Get ready to see olive groves, white villages, fortresses, Moorish and Christian palaces. In Andalusia you can breathe joy, experience the passion for art (flamenco, poetry...) and also the pleasure of sharing friendship over a glass of wine and a delicious tapa.
