## HAPPY THINKING DAY!

This year, February is very important to ISGF. Apart from celebrating the birthday of our Founders, Robert and Olave B.P, we will have our World Conference (in a different approach, yes....) but nevertheless very important moment to our Fellowship. We will welcome new members to our movement and decide on important topics.

We are living different times but slowly coming back to a new normality.

Let's continue to do our work in this world, following our Scout and Guide principles and law, and, as B.P used to say "Games are but steps to learning how to play the bigger game – THE game of life"

HAPPY BIRTHDAY

Check the ISGF website and see what we are doing throughout the world.
